Nexus - Quick Prep (sirf team ke liye)

Pehle "Sab ko yaad hona chahiye" parhein, phir apna role. Demo steps running system par 3-4 dafa khud chalayein.

Sab ko yaad hona chahiye

Cheez	Yaad rakhein
Project	Nexus ki Dial-Up, Broadband, Landline services ka online system: Order → Feasibility → Connection → Bill → Payment
Technology	ASP.NET Core 8 MVC, C#, SQL Server, Entity Framework Core, Bootstrap 5 · Database: 19 tables
Order ID	11 characters: D (Dial-Up) / B (Broadband) / T (Telephone) + 10 digits - D0000000001
Account ID	16 characters: letter + 3-digit city code + 12-digit serial - B001000000000001
Deposit	Dial-Up $325 · Broadband $500 · Landline $250 (connection band hone par wapas)
Bulk discount	10-14: 25% · 15-24: 50% · 25-49: 75% · 50+: 100% (advance aur deposit par)
Tax	12.24% poore bill par
Security	Password PBKDF2 se hash, plain text kabhi nahi · har role ka alag area
Testing	48 automated checks, sab pass

1. Ali Jan - Admin admin / Admin@123

- Cities, shops, employees, plans, vendors, products, purchases sirf Admin manage karta hai.
- Naya employee: Master data → Employees → role chunein (Retail, Technical, Accounts).
- City code (Karachi = 001) Account ID ka hissa banta hai.
- Low stock: jab stock reorder level ke barabar ya kam ho. Purchase record karne se stock barhta hai.
- Reports: orders, connections, billing, equipment demand, feedback.

2. Humaiz Khan - Retail Staff retail1 / Passw0rd!x

- Shop par customer register karta hai aur order place karta hai.
- Dial-Up ke liye Nexus landline zaroori hai - na ho to dono saath order hote hain.
- Order number database counter se banta hai, kabhi duplicate nahi hota.
- Payment usi bill par lagti hai jo choose kiya, baqi amount se zyada nahi ho sakti.
- Sirf apni shop ka data dekh sakta hai.

3. Muhammad Ehtisham Shakeel - Technical Staff tech1 / Passw0rd!x

- Feasibility: distance aur server availability check karta hai.
- Checks: Telephone → landline · Broadband → internet · Dial-Up naye landline ke saath → dono.
- Koi bhi check Not feasible ho to poora order Not feasible.
- Provision: connection banta hai, Account ID milta hai, modem/router stock se kam hota hai.
- Overdue bill → Suspend (Temporarily inactive); sab bills pay → Reactivate.

4. Muhammad Waleed - Accounts Staff acct1 / Passw0rd!x

- Bill sirf Accounts banata hai.
- Formula: plan fee + call charges + deposit (sirf pehle bill par) + replacement - discount = sub-total; + 12.24% tax = total.
- Plan fee validity mein sirf ek dafa lagti hai (quarterly plan har 3 mahine).
- Brought forward: pichhle bills ka baqi amount, sirf dikhane ke liye.
- Bill status: Issued → Partially paid → Paid.

5. Ali Turab - Customer alice / Passw0rd!x

- Register, order, aur Track page par order number se status dekhna.
- Order cancel ho sakta hai jab tak connection nahi bana.
- Bills mein har charge alag dikhta hai. Documents: PDF/PNG/JPEG, max 5 MB, saal aur city ke hisaab se.
- Light / Dark: sun/moon button, choice browser mein save rehti hai.
- Responsive: phone par menu ☰ ban jata hai - dikhane ke liye F12 → Ctrl+Shift+M.

Live demo ka order

Humaiz order → **Ehtisham** feasibility + connection → **Waleed** bill → **Humaiz** payment → **Ali Turab** customer view + Track → **Ali Jan** reports.

> **Demo mein masla ho to**
>
> Ghabrayein nahi - kahein "Let us show you the recorded demonstration" aur Video Demonstration\NexusServiceMarketingSystem_Demo.mp4 chala dein.
